Deep Hydra

Deep Hydra :

Advanced Hydrodermabrasion Technology

The Deep Hydra collection embodies an expert, targeted approach to hydrodermabrasion, combining controlled exfoliation with powerful active ingredients to effectively treat skin concerns such as dehydration, blemishes, and signs of aging. Each treatment is designed to work deep within the skin, enhancing cell renewal, regulating sebum production, boosting hydration, and restoring radiance.

Deep Hydra - Energize:
Exfoliation and Cellular Renewal

700ML - SKU: S401.700

This gentle exfoliating treatment, suitable for all skin types, stimulates cellular regeneration and refines skin texture, resulting in a more even and radiant complexion.

Results & Indications:

- Suitable for all skin types.
- Removes dead skin cells and stimulates cellular renewal.
- Visibly improves skin texture and evens out complexion.
- Soothes the epidermis and protects against irritation.

Active Ingredients:

- Mandelic Acid
- Arginine
- Hydrating Complex

Deep Hydra - Skin Revive:
Correction of Aging Signs

700ML - SKU: S404.700

A powerful treatment that targets wrinkles, fine lines, and skin laxity, promoting firmer and more even-toned skin.

Results & Indications:

- Suitable for all skin types, ideal as an anti-aging treatment.
- Provides intense exfoliation and stimulates natural collagen production.
- Improves skin firmness, tone, and elasticity.
- Smooths the skin's surface and reduces visible irregularities.

Active Ingredients:

- Mandelic Acid
- Arginine
- Hydrating complex

Deep Hydra - Clarify:
Purification and Regulation of Oily Skin

700ML - SKU: S403.700

An advanced solution targeting impurities and excess sebum, ideal for oily and acne-prone skin.

Results & Indications:

- Recommended for oily and/or acne-prone skin.
- Deeply cleanses pores and regulates excess sebum.
- Soothes inflammation and visibly reduces blemishes.
- Smooths skin texture for a clearer, more even complexion.

Active Ingredients:

- Salix Alba (White Willow Bark).
- Hamamelis Virginiana (Witch Hazel).
- Hydrating complex.

Deep Hydra - Boost:

Revitalization and Vitamin Boost

700ML - SKU: S406.700

An anti-aging treatment that replenishes the skin with essential vitamins, promoting a natural glow and skin regeneration.

Results & Indications:

- Suitable for all skin types, ideal for anti-aging prevention.
- Replenishes the skin with essential nutrients for enhanced vitality.
- Improves radiance, tone, and firmness.
- Protects the skin against daily environmental aggressors.

Active Ingredients:

- Biotin (Vitamin B7)
- Vitamins B1, B2, B6, B9, B12
- Vitamin A
- Vitamin K3
- Bioflavonoids

Deep Hydra -Rehydrate:

Exfoliation and Cellular Renewal

700ML - SKU: S402.700

An intensive treatment that restores deep hydration, delivering a plumping effect and immediate suppleness to the skin.

Results & Indications:

- Indicated for dry and dehydrated skin.
- Strengthens the skin barrier and reduces transepidermal water loss.
- Gently exfoliates to enhance absorption of hydrating actives.
- Provides comfort, suppleness, and radiance to the skin.

Active Ingredients:

- Hyaluronic Acid.
- Lactic Acid.

Deep Hydra - Unify:

Pigmentation Correction and Radiance

700ML - SKU: S405.700

This gentle exfoliating treatment, suitable for all skin types, stimulates cellular regeneration and refines skin texture, resulting in a more even and radiant complexion.

Results & Indications:

- Suitable for all skin types that tolerate glycolic acid.
- Targets dark spots and corrects uneven skin tone.
- Deeply exfoliates and stimulates cellular regeneration.
- Evens out the complexion, reveals natural radiance, and boosts facial luminosity.

Active Ingredients:

- Glycolic Acid
- Tranexamic Acid
- Hydrating Complex

Activ+ Collection

The ACTIV+ collection is designed to address the essential needs of the skin with highly concentrated formulations, combining advanced technology and cutting-edge active ingredients. Each treatment targets specific concerns to optimize cellular regeneration, hydration, pigmentation correction, and skin refinement.

Powered by powerful and well-recognized ingredients, ACTIV+ offers effective solutions to strengthen the skin barrier, refine skin texture, regulate sebum production, and combat signs of aging.

Its high tolerance and visible results make it an ideal choice to enhance the skin and reveal its natural beauty.

ACTIV+,

Mesotherapy at the service of your skin

A concentrated expertise for stronger, more radiant, and perfectly balanced skin.

Compatible with: radiofrequency, ultrasound, microneedling, electroporation, sheet masks, and peel-off masks.

Activ+ - REHYDRATE: 5x10ML - SKU: C462442342A1

Activ+ Rehydrate is a highly concentrated complex formulated for dry skin, providing intense hydration and an immediate plumping effect. Its synergy of hyaluronic acid, lactic acid, serine, and urea ensures prolonged hydration while preventing trans epidermal water loss, for skin that is consistently comfortable and radiant.

Results & Indications:

- Specially designed for dry skin.
- Intense hydration, improving skin suppleness and softness.
- Effective prevention against trans-epidermal water loss, maintaining skin moisture balance.
- A plumping effect, restoring volume and elasticity to the skin.

Active formulation:

- Hyaluronic Acid
- Lactic Acid
- Serine
- Urea

Activ+ - FLAWLESS: 5x10ML - SKU: C464442342A1

Activ+ Flawless is a highly concentrated complex designed to correct signs of skin aging and restore firmness and radiance. Thanks to its advanced formulation—featuring hyaluronic acid, Kigelia Africana extract, hydroxyproline, and taurine—it stimulates collagen production, reduces wrinkles and fine lines, and delivers a natural lifting effect.

Results & Indications:

- Suitable for all skin types, targeting signs of aging.
- Reduces wrinkles and fine lines, improving skin texture.
- Stimulates collagen production, enhancing skin firmness and elasticity.
- Provides a lifting effect, improving facial contours.

Active formulation:

- Hyaluronic Acid
- Kigelia Africana Extract
- Hydroxyproline
- Taurine
- Vitamin C Complex

Activ+ - PORE CONTROL: 5x10ML - SKU: C466442342A1

Activ+ Pore Control is a highly concentrated complex, specially formulated for oily skin and enlarged pores. Its synergistic blend of active ingredients, including niacinamide (Vitamin B3) and allantoin, helps regulate sebum production, refine skin texture, and reduce acne scars—promoting a more even and balanced complexion.

Results & Indications:

- Ideal for oily and enlarged-pore-prone skin.
- Refines pores, reducing their visible appearance.
- Regulates sebum production, minimizing excessive shine.
- Reduces acne scars, enhancing overall skin texture.

Active formulation

- Hyaluronic Acid
- Niacinamide (Vitamin B3)
- Allantoin
- Vitamin C Complex

Activ+ - RESTORE:

5x10ML - SKU: C463442342A1

Activ+ RESTORE is a highly concentrated complex designed to restore the skin barrier and strengthen the skin's natural protection. Its advanced formulation, enriched with hyaluronic acid, Centella Asiatica extract, arginine, and allantoin, promotes skin elasticity and vitality, optimizing cellular renewal and enhancing the skin's resilience against external aggressors.

Results & Indications:

- Suitable for all skin types, especially skin prone to imbalances.
- Strengthens the skin's protective barrier, reducing dehydration and irritation.
- Stimulates collagen production, improving firmness and skin suppleness.
- Optimizes cellular regeneration, ensuring stronger and more radiant skin.

Active formulation

- Hyaluronic Acid
- Centella Asiatica Extract
- Arginine
- Allantoin

Activ+ - CLARIFY:

5x10ML - SKU: C467442342A1

Activ+ Clarify is a highly concentrated complex designed to correct pigmentation disorders and reduce the appearance of dark spots. Its advanced formulation combines powerful active ingredients such as tranexamic acid and aminoethylphosphinic acid, which inhibit melanin production by limiting the enzymatic activity of tyrosinase. Niacinamide (Vitamin B3) plays a key role in brightening the complexion, improving skin elasticity, and strengthening the skin barrier.

Results & Indications:

- Suitable for skin prone to pigmentation issues.
- Evens and brightens the complexion for a more radiant skin.
- Reduces hyperpigmentation by targeting spots and pigment irregularities.
- Strengthens the skin barrier, providing protection against environmental aggressors.

Active formulation:

- Hyaluronic Acid
- Tranexamic Acid
- Aminoethylphosphinic Acid
- Niacinamide (Vitamin B3)

PEEL TECH Collection

The **PEEL TECH** collection offers professional peels designed to renew the skin, address various imperfections, and stimulate cellular renewal through highly concentrated formulations.

Thanks to powerful exfoliating acids, **PEEL TECH** works deeply to correct signs of aging, pigmentation irregularities, skin imperfections, and skin laxity, all while ensuring optimal tolerance.

Peel Tech - PRE PEEL TECH :

150ML - SKU: K301.150

To optimize the peeling treatment, the skin must be carefully prepared with PRE-PEEL TECH. This cleansing treatment removes impurities, balances the pH, and purifies the skin's surface, thereby facilitating the absorption of peeling actives. Suitable for all skin types, it is a key step before professional treatments.

Results & Indications:

- Suitable for all skin types for optimal preparation before professional treatments.
- Fragrance-free formula.
- Deeply cleanses the skin for effective treatments.
- Removes excess sebum and impurities.
- Regulates and balances skin Ph.
- Purifies and sanitizes the skin's surface.

Active Ingredients :

- Arginine
- Aloe Barbadensis
- Allantoin

Peel Tech - NEUTRALIZER:

150ML - SKU: K302.150

PEELTECH-NEUTRALIZER effectively neutralizes residual peeling acids, instantly restoring the skin's balance. Its advanced formulation, enriched with soothing actives, helps regulate pH and hydrate the superficial layers of the skin. Designed for optimal tolerance, it provides immediate soothing and promotes rapid recovery.

Results & Indications:

- Suitable for all skin types for optimal post-peel neutralization.
- Fragrance-free formula.
- Quickly and effectively neutralizes residual peeling acids.
- Stabilizes skin pH for gentle recovery.
- Provides essential hydration to the superficial layers of the skin.

Active Ingredients:

- Xylitylglucoside & Xylitol.
- Sodium Cocoyl Amino Acids.
- Sarcosine.
- Potassium Aspartate & Magnesium Aspartate.

Peel Tech - MASK PEEL-OFF:

180GR - SKU: K304.180

PEELTECH MASK PEEL OFF is a professional mask designed to soothe and restore sensitive, dry, and weakened skin. Thanks to the exceptional benefits of Aloe Vera, it relieves irritation, reduces redness, and provides an immediate feeling of freshness.

Its protective and regenerating formula helps strengthen collagen and elastin fibers.

PEEL TECH MASK PEEL-OFF : a solution suitable for all skin types

- Soothes sensitive and irritated skin.
- Reduces redness and inflammation.
- Softens the epidermis, improving skin comfort.
- Deeply hydrates, maintaining skin suppleness.

Key ingredient: Aloe Barbadensis

- Aloe Vera is known for its soothing, hydrating, and restorative properties, helping to achieve softer, more balanced, and protected skin.
- An effective and natural solution for a soothed, radiant complexion
- **TIP:** Can be used alongside any abrasive or aggressive treatment, and may be combined with our Activ+ products.

Peel Tech - JESSNER (acide):

6,5ml - SKU: K302.6

PEETECH JESSNER is a superficial peel intended for professional use. This broad-spectrum peel targets multiple skin concerns, including wrinkles, fine lines, uneven texture, enlarged pores, hyperpigmentation, and hormonal acne.

Results & Indications:

- This peel is suitable for all skin types that tolerate superficial peels.
- Expression lines and fine superficial wrinkles.
- Mild to moderate photoaging.
- Skin laxity.
- Enlarged pores.
- Pigmentation disorders (lentigines, freckles, melasma).
- Hormonal acne and menopause-related skin.
- Multi-action on skin imperfections.
- Anti-aging effect.
- Improves skin texture and firmness.
- Purifying action.
- Regulates blemishes and unclogs pores.

Ingredients:

- 14% Salicylic Acid
- 14% Lactic Acid
- 8% Citric Acid

Peel Tech - AZELA+ (acide):

6,5ml - SKU: K303.6

The AZELA+ PEEL is a superficial peeling treatment specifically designed for skin prone to rosacea and inflammation. Its synergy of active ingredients helps reduce redness, improve skin tone clarity, and soothe sensitive skin.

Results & Indications:

- Recommended for skin with the following characteristics: Redness and inflammation associated with rosacea.
- Excess sebum and clogged pores.
- Dull complexion and uneven skin texture.
- Increased sensitivity and skin discomfort.

Key benefits:

- Immediate soothing
- Reduces redness and inflammation
- Refinement of skin texture
- Purifies and unclogs pores
- Sebum regulation
- Limits shine and balances the skin
- Revitalization and radiance, improves the uniformity and clarity of the complexion

Ingredients:

- 15% Azelaic Acid
- 15% Mandelic Acid
- 2% Modified Salicylic Acid

SKRN Collection

SKRN :

Innovation in skincare

The SKRN collection embodies an expert approach to dermatological care, combining cleansing, hydration, and advanced repair to preserve skin quality and balance. Each formula is based on a rigorous selection of active ingredients, ensuring targeted effectiveness and optimal tolerance.

SKRN :

An advanced routine for radiant skin

Each SKRN treatment is formulated with powerful actives, ensuring targeted effectiveness and maximum tolerance for balanced, luminous, and revitalized skin.

Dermatological expertise dedicated to protected and glowing skin.

SKRN - COMFORT CREAM:

Skin protection and recovery

100 ML SKU: R106.100

A cream suitable for sensitive skin, promoting the recovery of the skin barrier and preventing irritation.

Key benefits:

- Enhanced hydration and protection against dehydration.
- Soothes discomfort and supports skin regeneration.
- Non-comedogenic formula with high tolerance.

Actifs clés

- **Shea Butter (Butyrospermum Parkii):** Nourishes and protects the skin.
- **Sodium Palmitoyl Proline:** Stimulates cellular recovery and promotes skin restructuring.
- **White Water Lily Flower Extract (Nymphaea Alba):** Soothes the skin and reduces irritation.

SKRN - CELL REPAIR CREAM:

Regeneration and firmness

100 ML SKU: R105.100

A firming cream that stimulates cell renewal, improves elasticity, and protects against oxidative stress.

Key benefits:

- Correction of wrinkles and fine lines.
- Strengthening of collagen and skin firmness.
- Deep anti-aging action and optimized hydration.

Key Ingredients:

- **Vitamins A, C & E:** Stimulate cellular regeneration and act as antioxidant shields.
- **Collagen & Squalane:** Strengthen skin tone and suppleness.
- **Extracts of Calendula, Chamomile, and Witch Hazel:** Soothe and protect the skin from irritation.

SKRN - MAKEUP REMOVER:

High-tolerance makeup removal

500 ML SKU: R101.500

A silky emulsion that effectively removes impurities and makeup without compromising the skin's integrity.

Key Ingredients

- Deep cleansing with respect for the skin's pH.
- Soothing and refreshing effect.
- Preservation of skin softness and firmness.

Main active ingredient

- Chamomilla Recutita Extract: A natural anti-inflammatory that soothes and protects the skin while reducing redness.

SKRN - TONER:

Rebalancing and soothing

500 ML SKU: R102.500

A regenerating toner that completes the cleansing process, restores hydration, and strengthens the skin's barrier.

Key Ingredients

- Reduction of irritation and redness.
- Optimization of the absorption of subsequent treatments.
- Restoration of the protective hydrolipidic film.

Main Active Ingredients

- Allantoin: Accelerates regeneration and enhances skin resistance.
- Aloe Barbadensis: Moisturizing and reparative, ideal for restoring skin balance.
- Bisabolol & Calendula Extract: Soothe and enhance skin tolerance.
- Nymphaea Alba Flower Extract: Soothes and reduces irritation.
- Citrus Aurantium Dulcis & Rosa Centifolia: Boost radiance and protect against oxidative stress.

SKRN - SERUM:

Hydration and cellular protection

100 ML SKU: R104.100

An intensive serum that prevents and corrects premature aging, while providing deep hydration.

Key benefits:

- Protection against free radicals and external aggressors
- Improvement of skin elasticity and suppleness
- Prevention of pigmentation imperfections and wrinkles

Key ingredients

- **Hyaluronic Acid & Aloe Barbadensis:** Intensely hydrate and plump the skin.
- **NDGA (Nordihydroguaiaretic Acid):** A powerful antioxidant against signs of aging.
- **Glycoproteins & Glycosaminoglycans:** Optimize skin structure and strengthen the cellular barrier.

SKRN - GLYCERIN:

200 ML SKU: R107.200

Glycerin is an essential ingredient in aesthetic treatments, particularly in radiofrequency, Microlift, and deep cleansing spatula (Hydradem). Its hygroscopic properties enhance the transmission of waves and optimize the effectiveness of treatments, while ensuring deep hydration and reinforced protection of the skin barrier.

Key benefits:

- Compatible with all skin types
- Enhances the transmission of aesthetic technologies
- Hydrates and protects the skin from external aggressors
- Optimizes regeneration and preserves skin balance

Vegetable glycerin, combined with Hydradem equipment, guarantees maximum treatment performance, providing perfectly hydrated, protected, and revitalized skin.

SKRN - FACE SCRUB:

Exfoliation and cellular renewal

250 ML SKU: R103.250

A purifying and revitalizing scrub, available in gentle or intense intensity, designed to remove dead skin cells and reveal the skin's natural radiance.

Key benefits:

- Refinement of skin texture and stimulation of cellular renewal.
- Elimination of excess sebum and impurities.
- Anti-aging action thanks to antioxidants.

Key ingredients

- **Vitamin E:** Neutralizes free radicals and preserves skin youthfulness.
- **Ground Almond Powder & Plum Seeds:** Effective mechanical exfoliation, without aggression.
